

Water/Wastewater Mechanic Operator

Experienced, skilled, or educated in a trade - electrical, mechanical, plumbing, HVAC with knowledge of water or wastewater systems – consider a professional career in a stable industry!

Lycoming County Water and Sewer Authority is accepting applications for an experienced Mechanic/Operator.

This is a full-time, hourly position with comprehensive benefits and a set work schedule - no travel. Responsibilities include the operation and maintenance of wastewater/water equipment, troubleshooting and repairing equipment independently, and have primary responsibilities at the Montoursville Regional Sewage Treatment system.

The successful candidate must have experience with equipment repairs/maintenance, mathematical, troubleshooting, and mechanical aptitude skills, and the ability to read and interpret O&M manuals, blueprints, schematics/drawings, and have effective communication skills.

Candidates should have a positive attitude, a willingness to learn, demonstrate sound judgment, be team oriented, and flexible to the changing needs of the organization. The position requires a background check and drug testing. A valid driver's license is required.

This position is full time (40 hours per week) Monday – Friday, 6:00 AM to 2:00 PM, with a rotating on call schedule. Wage range \$25-\$30/hour and is dependent upon education, experience, and qualifications. Excellent benefits package!
